8K Braided Nylon HDMI Cable (C11093RGY-1M-10M)

48Gbps High Speed: Ultimate 8K HDMI Cable for Gaming & Home Theater

Description:

The UNITEK 8K Braided Nylon HDMI Cable supports higher video resolutions and faster refresh rates for immersive viewing and smooth fast-action detail, including 8K@60Hz, 4K@120Hz, and 2K@144Hz, among others. This HDMI 2.1 cable is also compatible with earlier standards, including HDMI 2.0, 1.4, 1.3, 1.2, and 1.1.

Product Features:

- 8K Resolution:** The The 8K HDMI 2.1 cable supports data transmission speeds up to 48Gbps, enabling resolutions up to 7680 x 4320 with refresh rates of 8K@60Hz, 4K@120Hz, and Dynamic HDR. Enjoy a smooth gaming, projection, and home theater experience. Featuring double-braided nylon and tested for over 10,000 cycles, it ensures durability. Gold-plated, corrosion-resistant connectors provide top-tier image and sound quality.
- Optimized for Gaming:** Designed for gaming enthusiasts, UNITEK Braided 8K HDMI cable delivers ultra-smooth visuals at 8K@60Hz with Quick Frame Transport, Quick Media Switching, and Auto Low Latency Mode. The Variable Refresh Rate eliminates stuttering and frame tearing, providing a more seamless and accurate gameplay experience.
- Surrounding Audio & ARC:** Supports DTS-HD and Dolby audio for immersive surround sound with compatible sound systems. The Audio Return Channel (ARC) allows your TV to send audio to an external audio system, creating a cinematic home theater experience—watch your favorite films at home as if you're in a cinema.
- Universal Compatibility:** This HDMI cable is compatible with a wide range of devices, including gaming consoles (PS5, PS4, PS3, Xbox Series, Nintendo Switch, Wii U), streaming devices (Apple TV 4K, Roku, TV stick, TV Box), laptops, PCs, Blu-ray players, soundbars, projectors, and more. Upgrade your home entertainment system with ease.
