

# 100W GaN USB-C Notebook Charger

The Shintaro Dual-Port Fast Charger is designed to power a wide range of devices, from MacBook and Chromebook laptops to iPhones, iPads, Samsung smartphones, Apple Watches, and more. With up to 100W fast-charging power, this charger ensures quick and efficient charging for up to two devices simultaneously.

Equipped with a USB-C Power Delivery 3.0 port and a USB Type-A fast-charging port (max 2.4A), it balances power output to provide optimal charging speed, delivering up to 100W via USB-C and 12W via USB Type-A when charging two devices at once.

The built-in intelligent IC automatically identifies connected devices, ensuring safe and efficient power distribution. Designed with over-current, over-voltage, over-circuit, and over-heating protection, your devices stay secure while charging. The charger also includes a 1.2m USB-C charging cable, making it a versatile and reliable charging solution for all your tech needs.
